

TRICOGREEN®

new

- 1 Yellow PVC covering with two green bands
- 2 Intermediate layer of PVC
- 3 Textile knitted reinforcement TNT
- 4 Intermediate layer of soft black PVC
- 5 Smooth black inner tube

APPLICATIONS

Watering, irrigation, water supply and delivery.

MARKING

TRICOGREEN 80% recyclé Soft & Flex Tricoflex Non Torsion Ø int [WP/BP] BAR REACH-Compliant [Batch number] TRICOFLEX

Flexible Multilayer hose.

Exterior covering in ultra UV-resistant PVC. With woven polyester fibre reinforcement and two-layer smooth lining.

ADVANTAGES

The Multilayer design, made of an exclusive woven fibre and a double core layer, ensures that TRICOFLEX® is highly flexible for easy handling, with excellent resistance to repeated bending, crushing and pulling as well as minor deformation under pressure.

In addition, the lining is extremely smooth, thereby maintaining even flow. Especially thick and made of high quality materials, TRICOFLEX® offers remarkable aging resistance with exceptional preservation of flexibility. Its exterior yellow PVC covering gives it good protection against abrasion and UV.

CONNECTORS

Connectors with band, screw or 'O' type clamps. Automatic connectors for watering.

CHEMICAL RESISTANCE

See table pages 110 to 113 column A.

						Yellow
